Tariff for Regasification and Metering Services for Continuous and Spot Users for 2015

The maximum tariffs, calculated on the basis of the criteria established by the Resolution 438/2013/R/Gas, have been approved by the Authority for Electricity, Gas and Water with Resolution 335/2014/R/Gas.

Terminale GNL Adriatico publishes the tariffs for regasification and metering services for Continuous and Spot Users for the Terminal for the period January 1, 2015 through December 31, 2015.

The Commitment Unit Charge	Cqs (euro/cm liquid)	30,016693
Transitional unit charge for the gas transfer measurement service	CM ^R (euro/cm liquid)	0,286550
Fee-in-kind to cover losses and consumptions for the Terminal Users	Q _{CP} (for each delivered cubic meter of LNG)	0.73%

Terms used in this publication have the meaning set out in Article 1.1 of Chapter 1 of the Regasification Code approved by Authority for Electricity and Gas through Resolution ARG/gas 57/11.

Without prejudice to the Regasification Service contracts in force, subject to the maximum tariff established by AEEGSI as non discriminatory and transparency obligations under the applicable law, such tariff may be modified by Terminale Adriatico.
